Project Demo Planning

Date	30 September 2026
Team ID	[Your Team ID]
Project Name	Streamline IT Procurement: Automating Standard Laptop Orders with Workflow Automation
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	**Introduction & Background**	Brief overview of manual IT laptop procurement bottlenecks and challenges	2 mins	Team Lead
2	**System Architecture & Workflow**	Explanation of automated approval workflow and integration layers	3 mins	System Architect
3	**Live Laptop Request Submission**	Demonstrating employee portal, laptop selection, and automated form submission	3 mins	Frontend Developer
4	**Manager Approval & Procurement Automation**	Real-time approval workflow, automated ticket creation, and inventory sync	4 mins	Backend Developer
5	**Status Tracking & Notifications**	Showing live order tracking dashboard and automated email/Slack updates	2 mins	Fullstack Developer
6	**Conclusion & Impact**	Summary of time saved, cost efficiency, and key outcomes achieved	1 min	Team Lead

Demo Flow Summary:

Step	Activity	Notes
1	**Introduction & Problem Statement**	Frame the core business problem of slow manual laptop procurement
2	**Solution Overview**	High-level summary of automated workflow solution & architecture
3	**Live Feature Demonstration**	End-to-end walk-through of submitting, approving, and tracking an order
4	**Q&A Session**	Addressing technical queries and evaluation feedback
